BURNED ALIVE.

A Christian Lad Refuses to Commit an Abominable Crime, and the King of Uganda Orders a Massacre of Converted Natives.

LONDON, Oct. 27.—Details have been received of the massacre of the native Christians of Uganda, Africa, by the order of King Mwanga. The massacre began in June, and was directly due to the refusal of a Christian lad acting as the king's page to commit an abominable crime. Many Christians were tortured, mutilated and speared, and thirty-two were burned alive together. The appeals of the missionaries for a cessation of the atrocities were unavailing. The fate of the unfortunates did not serve to frighten candidates for baptism, and within a week after the massacre many natives were baptized.

Leaflets containing extracts from the scriptures, prayers and hymns in the Uganda language are freely bought by the people, although their possession involves danger of punishment. The diary of Bishop Hannington, who was put to death by the king, will soon be published in London. It is a thrilling and pathetic narrative of his experiences in Uganda up to the day of his death.

YOU CAN'T ESCAPE

Dying in Want and Misery—Sad Fate of William Schooley.

JEFFERSONVILLE, Ind., Oct. 27.—William Schooley, a man who was once the subject of considerable newspaper notoriety, and who passed through one of the most terrible experiences that could be imagined, is dying at the home of a relative in Ohio Falls, a small suburb of this city. Nine years ago he was employed in the Adams express office at Nashville, and was one of the most trusted of the company's employees. One day a package containing \$10,000 was intrusted to his care. The temptation proved too great and he secreted the money about his person and fled. He was captured before he reached the sheltering protection of the British dominions, and brought back to Nashville. Then commenced for him a series of the most horrible tortures that could be imagined. Every effort was made to make him divulge the place where he had hidden the money. He stoutly protested his innocence, and when the detectives hung him up by the thumbs and beat him into insensibility, he never winced, and his lips seemed hermetically sealed. He was starved and tortured every way that could be conceived, but nothing could be obtained from him.

One night his friends on the outside assisted him to escape, and he reached Canada before the strong arm of the law could stop his flight. With the money he had stolen he purchased a farm, and with his wife and two pretty little children, spent two years in the land of the Canucks. At length disease took his children from him, and later on his wife was called to the great hereafter.

Broken in heart and spirit the unfortunate man became a prey to the pangs of remorse. Finally he returned, gave himself up and served a term in the Tennessee penitentiary. When released his health was gone and consumption was gradually sapping his life away. Now he is dying and an ill-spent life is nearly ended.

Grand Old Man.

LONDON, Oct. 27.—Mr. Gladstone, in response to a request to contribute to a book defining the liberal program, said: "My friends forget my years. I hold on to politics in the hope of possibly helping to settle the Irish question. But general operations of the party and particular subjects I am obliged and intend to leave to the hands of others."

A \$200,000 FIRE.

The Beautiful Case School Building, in Cleveland, Burned to the Ground.

CLEVELAND, Oct. 27.—The magnificent building, the Case School of Allied Science, at the east end, which was completed and opened about one year ago, at a cost of \$200,000, was destroyed by fire early this morning. The discovery of the fire, shortly after 2 o'clock, was followed by an explosion in the chemical laboratory, which soon made short work of the fine structure. The building was four stories in height and was built of sandstone and was furnished with all the latest appliances for the demonstration

of science. The total loss is estimated at \$200,000. It is thought the building and contents were insured for about \$65,000. The Case school was built with money left by the late Leonard Case, the Cleveland millionaire philanthropist.

LYNNBURG, Oct. 27.—A fire at Poochontas this morning destroyed sixteen houses, including two hotels and several business houses. George Baber, of Lynchburg, perished in the flames. Several others are missing. The fire was the work of an incendiary. Heavy rains saved the town. Loss, \$50,000; insurance unknown.

ALL IN THE FAMILY.

How Alf and Bob Taylor, of Tennessee May Get There.

WASHINGTON, Oct. 27.—A gentleman just from Tennessee gives a new feature of the campaign in that state. Before Alf Taylor was nominated for governor he was given the nomination for state senator in his district, which is largely republican. He is still a candidate for senator, no one having been nominated in his stead. As there is no law preventing his being voted for as a candidate for one or more offices he will doubtless be elected to the senate. In the contest for the United States senatorship there are a number of candidates, and in view of a possible dead-lock Bob will be presented as a dark horse. Alf hopes to become president of the senate, and when his brother is elected senator he will by law fill the vacant governor's chair.

That \$50,000 Express Robbery.

ST. LOUIS, Oct. 27.—Fotheringham was seen at the company's office this morning by a reporter, and he told the story of the express robbery related by telegraph yesterday. He made his statement in a frank, straightforward manner, without the slightest hint of embarrassment or confusion. He said that he was well aware that the circumstantial evidence pointed strongly to his being an accessory to the robbery, but he had nothing to conceal and was confident the result of the investigation would clear him of all suspicion.

It is thought the company will offer a large reward for the capture of the robber, who told Fotheringham he had an accomplice on the train who would assist if he did not succeed.

RAILROAD SHARKS.

They Are in Court Fighting Over Spoils in Indiana.

NEW YORK, Oct. 27.—The counsel on behalf of the stock holders of the Indianapolis, Cincinnati and Lafayette railroad has begun proceedings in the supreme court against the directors of the road: Messrs. Bliss, Booth, Londers, Perkins, Fowler, Morris, Broadwell, Kennedy, Reynolds and Theodore Cook, charging them with conspiracy in fraudulently depressing assets of the road and forcing a foreclosure sale to obtain control at a cost by buying in the stock. Governor Hoadley, as counsel, is alleged to be one of the conspirators.

The Episcopal Convention.

CHICAGO, Oct. 27.—The general convention of the Protestant Episcopal church resumed its sessions this morning. A message was received from the house of bishops declaring that in its judgment the use of the unfermented juice of grapes in the sacrament was not warranted by the example of our Lord and was an unauthorized departure from the profession of the Catholic church and that mixing water with wine was not objectionable provided it be not ritualistic until authorized by a change of rubrics. The message did not require any action by the deputies.

A resolution was adopted providing for a joint committee of three bishops, three clericals and three laymen to whom should be recommended the whole subject of marriage and divorce, to report thereon to the next general convention. The house resumed its consideration of the proposed amendments to the book of common prayer.

Insurgents Shot Dead.

PUEBLO, COLO., Oct. 27.—General Delgado and his unfortunate comrades, who were the leaders in a recent filibustering expedition that descended on the coasts of Honduras in the interest of ex-President Soto, were shot dead for their acts.

Locomotive Engineers.

NEW YORK, Oct. 27.—The old officers of the National Brotherhood of Locomotive Engineers were to-day re-elected.

QUEER SONGS.

The Salvation Army Methods and Their Reception in a General Way.

The Salvationist's form of religion, now prevailing in Fort Wayne, is peculiar, not to say sensational. In one city in the east where a large number of the religious workers are at work, their band plays popular airs of the day, in which their leaders have adapted words, intended, no doubt, to be pious, but often appearing nothing sort of blasphemous to an outsider. When not blasphemous they are comic. As an example, it may be mentioned that the time when the song "Over the Garden Wall" was so popular the Salvationists used to sing the same tune a hymn of which the refrain ran:

"If you can't get in at the pearly gate, Climb over the garden wall."

The Salvationists have had a rough road to travel. Assaults upon their columns in the streets have been quite frequent, particularly in the early days of their organization. Their invasion of Ireland was disastrous. The Dublin people would not have none of them, and repulsed them with heavy loss; and they have not been able to establish as much as a corporal's guard on the Green Isle. It is not likely that they will be much more successful in America.

Gas Well News.

The natural gas well at Indianapolis is to be sunk 2,500 feet. It has already been drilled to a depth of 1,250 feet. By the way what has become of the Lafayette well?

The citizen's gas well at Connersville has been finally abandoned at a depth of 1,235 feet. The stockholders talk strongly of starting another in a different part of the city.

The Frankfort natural gas and oil company, has been incorporated with a capital stock of \$10,000, and S. O. Bayliss, Robert M. Jims, D. F. Allen, W. D. Kramer, T. J. Smith and W. R. Hines as directors.

LOCAL NEWS.

Go to the fair to-night.

Reineke's orchestra will be in attendance at the fair this evening.

Mr. W. P. Breen and Mr. James McDonald came home from Chicago this afternoon.

A horse belonging to Mr. Haag, the Broadway groceryman, fell into an open sewer in an alley yesterday evening.

Hon. John W. Kern, reporter of the supreme court, is a guest of the Aveline house. Mr. Kern speaks in this city Saturday night.

The Lafayette Courier says: "Mrs. H. B. Woolsey and children, of Fort Wayne, are the guests of Mr. and Mrs. Jasper M. Dresser."

Mr. Wm. Shively and family were in the city to day en route home to Mount Summit, Ind., from a three-months visit up in Michigan and the northwest.

Mr. E. W. Cook, cashier of the Wabash freight office, and family returned from Clifton Springs, N. Y., last night, where they have been visiting for some time.

The case against Clint Bourie, charged with illegally posting lottery notices, was postponed in Justice Ryan's court until one week from to-morrow. Colonel Scott wants to make a few republican speeches in the meantime.

The Lafayette Courier says: "W. L. Carnahan, of Fort Wayne, brother of A. G. Carnahan of this city, is visiting the eastern cities perfecting arrangements for the building of an electric street railway at Fort Wayne."

Here is an item of interest to the ladies: "If white clothing, say a dress, is put away in a closet or drawer it will in time become yellow. But if it be placed in a box lined with blue paper, or even wrapped in dark blue cloth, it will come out as white as it ever was, no matter how long it lies."

The Toledo and Chicago Air Line railway company, capital \$1,000,000, was incorporated yesterday. The directors are Milton Mercer, president; Wilbur L. Stonex, vice president; William R. Ellis, secretary; Edwin Hawks, treasurer; Daniel E. Thomas, J. C. Caldwell, Henry V. Mercer, W. A. McAllister and Elmer E. Mummert. The road is proposed to be constructed from the city of Toledo, O., to Chicago, Ill., through the counties of Steuben, Lagrange, Elkhart, St. Joseph, Porter and Lake in the state of Indiana, a distance of about 225 miles.

The contest for the stole and suit of clothes to be voted to the most popular

clergyman will close on Thursday evening.

Josephine Seiss was granted a decree of divorce from Peter Seiss by Judge Edward O'Rourke.

Grand promenade concert this evening by Reineke's orchestra at St. Paul's church fair at Library hall.

Jacob H. Westerman and Virginia E. Bitner, John B. Munich and Mary S. Dignan have been licensed to wed.

There will be a democratic meeting at the Harrington block, in the Sixth ward, to-night. J. M. Barrett and W. P. Breen are the speakers announced.

Mr. Ed. Rich and John Irvin were courteously entertained yesterday afternoon by Dick Rosington, at his farm about half a mile north of the city.

John Shaffer, Phil Lindlag and Herman Berghoff were out hunting yesterday. Mr. Shaffer stepped on a rabbit and fainted at the thought of such luck.

Supt. P. S. O'Rourke and Master of Transportation Hunter accompanied the general officers of the Grand Rapids road on a special train up north this morning.

The vote for the silver water-tilter and tea set to the most popular candidate for congress stood last evening: Lowry, 57; White, 31; Stanley, 11. The contest closes Saturday night.

Mixed tickets are being circulated about the city and district. One is labeled: "Democratic Ticket" and embraces every democrat save that Captain J. B. White's name is substituted for that of Judge Robert Lowry. Wm. T. Abbott has similar tickets out with his name in place of that of Mr. Barney Neizer, the democratic nominee for county auditor. Democrats of course will guard against these ballots and see that none are voted by mistake.

At Van Wert, last evening, occurred the marriage of Miss Stella, daughter of J. S. Brumbach, president of the First National bank of that city, and Mr. John Reid, bookkeeper for the Van Wert oil well supply company. After the ceremony was over the invited guests sat down to a wedding supper prepared by that prince of caterers, Mr. J. J. Neiderberger, of this city, served by himself and assistants. Mr. Neiderberger prides himself on his ability as a caterer and justly feels proud of his work, which, if judging this instance as a sample of what he can do, bids fair to rival Chicago in his line.

AH, THERE! NOBLE.

A Republican Candidate on the State Ticket in Disreputable Business in Fort Wayne.

Special to the Indianapolis Sentinel.

MICHIGAN CITY, Oct. 26.—William T. Noble, the republican candidate for clerk of the supreme court, spent several days here last week looking after his canvass. While here he was in close consultation with certain parties of unsavory reputation, and close on the heels of his departure the fruits of his visit became apparent. A communication appeared in the *Wellburger*, a German paper of Fort Wayne, signed by a fellow who several years ago jumped the state to avoid arrest for shooting and stealing sheep from a farmer named Gould. The case was compromised and he returned. The article sent contained a lot of gross and malicious slanders on Martin T. Krueger, the democratic opponent of Noble, and created great indignation here. The next move was to get up a circular addressed to Knights of Labor charging Krueger with having tried to get a Knight named Kay discharged from employment, and with other hostile conduct. By some unknown means the seal of a local assembly was obtained, which was attached to the bogus circulars, and they were put in the hands of two republicans, who are now spreading them among the Knights of the state. When the scheme became known here to-day, Mr. Kay, who is master workman of the assembly here, and who is the person named in the circular, nailed the lie by publishing the following card:

"To whom it may concern: A circular is being spread among the Knights of Labor throughout Indiana charging Hon. Martin T. Krueger, democratic candidate for clerk of the supreme court, with hostile acts or defiant expressions toward the order and its members, and particularly with injuring me. The circular is a malicious slander on a worthy and hard working man, and the statements contained therein are wholly untrue. The seal of the local assembly was either purloined and attached or forged thereto without any legal authority whatever. It is an attempt to use the order for a political purpose."

CHRISTIAN KAY, Master Workman Germania Assembly, No. 7,323, Michigan City, Ind. Attest: HENRY H. PAGELS, R. S. 7,320."

What the next move of the moral Noble is, remains to be seen.

What the next move of the moral Noble is, remains to be seen.

DILLON-ROBERTS.

A Pretty Fort Wayne Girl Married at Lexington, Ky., to a Prominent Young Man.

Mr. and Mrs. Harry C. Roberts will visit in this city over Sunday en route to New York City on their wedding tour. The bride, Miss Fannie Dillon, is a Fort Wayne girl and sister of Mrs. E. Woods and Miss Mazie Dillon, of West Berry street. The Lexington, Ky., *Drummer* has this account of the wedding: "Mr. Harry C. Roberts, of New York, and Miss Fannie Dillon, late of Fort Wayne, Ind., were married at the residence of the bride's uncle, Mr. John N. Wilson, this city, Tuesday, Oct. 19, at 3 o'clock, p. m. Rev. Dr. Ward, rector of Christ church, officiated. The marriage was private, only the immediate family of the bride and Judge S. G. Sharp being present. The *Drummer* has known Mr. Roberts for years, and we can speak knowingly of his moral worth and good qualities. He is a successful business man, and has had all the advantages of a finished education and much travel, having graduated in the finest colleges in this country and in those of England and Germany, and having traveled around the world several times. He is a son of Col. Wm. Roberts, of California, who, in his younger days, was known as one of the most successful detectives in this or any other country. He now owns the well known line of steamers plying between San Francisco and Australia. Harry has friends in every city of the union, and is a member of the Knights of Pythias, of Cincinnati, and a leading member of the Elks, of St. Louis."

Robert Lowry, 57; Captain J. B. White, 31; Hon. H. C. Stanley, 11.

Go to the fair to-night.

THE CAT IS OUT.

The Republicans Will Sacrifice Everything to Elect Ben Harrison.

The Indianapolis *Journal* comes out double headed and tells what republicans are fighting for. It is the legislature. It says: "The legislature is the real key to the position in this election. Not only is there a United States senator to elect to succeed Gen. Harrison—and which may determine the political complexion of the higher body of congress—but the best of all things the people hope for, and should vote for, depends upon carrying the legislature. If a republican United States senator is to be elected there must be a republican legislature." The still hunt which the republicans have been making is to ensure the election of men to the legislature who will vote for Ben Harrison's election.

It says further: "Let republicans everywhere work for the legislature. See to it that the legislative candidates receive the fullest and most earnest support." Everything is to be sacrificed to secure the legislature. In Allen county everything is to be sacrificed to secure a member of the legislature. If ever there was a time when it was the duty of the democrats to stand solidly together in their endeavor to defeat republican purposes it is right now. The republicans give up everything and will sacrifice every local or state candidate to secure votes for the legislative candidates. Let the democrats of Allen county stand by their principles and elect men to the legislature who will not vote for Ben Harrison for United States senator.

FACTS FOR VOTERS.

Hon. Charles McCulloch Makes an Honest and Masterly Statement of County Affairs.

To the Editor of THE SENTINEL.
Nothing more completely baffles trickery and deception than a straightforward statement of facts. I believe that the taxpayers of Allen county and the city of Fort Wayne are honest, intelligent men, not easily bamboozled or deceived. Living in the noonday of time, they read and think and the editors of republican papers in this city will find that the triumph of truth and reason are greater than those of misrepresentation. Slander cannot make a subject either better or worse and in the long run it acts like a boomerang upon the party that resorts to it. The true and concise statement of our county affairs, made by our county treasurer, is all that is necessary to puncture the false statements of republican newspapers, and it will be published often enough for every man in the county to read it and these pretended reformers will find that "truth is mighty and will prevail."

The statement shows that the commissioners did issue \$200,000 of bonds, and they bear five per cent interest, but the premium they brought, of \$4,000, brings the rate of interest to about 4 1/2 per cent or less. They did this to pay off every county order that drew 6 per cent, and to give them money enough to keep the county for the future on a cash basis and at the same time not to stint in the necessary expenses of a thriving county. Several years ago, about the time Mr. Rudisill was auditor, a large number of wooden bridges, on pile foundations, were built within a period of four years. Everyone knows what kind of bridges they were from the one at Rudisill's mill and Muldoon's dam. During the last four years these bridges have had to be rebuilt or repaired at a cost of over \$150,000, and in order to verify my statement I give figures of cost and location of bridges, and this will tell why for four years past the expenditures of the county have been heavy:

Some more have yet to be built, but the work is principally done for many years to come. Allen county is the largest county in the state and has more bridges to build and keep up than any other county. She is second in wealth and manufacturing interests and had it not been for the necessary expenses above mentioned she would not have run behind one dollar. THE PEOPLE BELIEVE IN GOOD ROADS, SAFE BRIDGES, WELL MANAGED PUBLIC INSTITUTIONS, LIBERAL EXPENDITURES FOR HOSPITALS AND THE POOR.

The hospital and poor expenses alone from June 1, 1885, to June 1, 1886, were as follows, according to the report of Auditor Griebel:

Poor orders by township trustees	\$22,821 00
Medicines	968 20
Physicians	2,249 37
Railroad fare	271 25
City hospital	3,840 83
St. Joseph hospital	4,077 12
Asylum	6,877 15
Asylum superintendent	800 01
Post house	20 40
Overseers of poor, township trustees	1,957 00
Total	\$43,765 12

Viewing the great improvements and charities we can point with pride to our county and the paltry debt that is shown in the statement of the county treasurer is so straightforward and plainly legitimate that people never give it a moment's critical consideration. There has been no stealing. Men like William Bryant, Jerome Gloyd, Henry Hartman, Louis Griebel, Willis Maier, John Dalman, Judge Hench, Judge O'Rourke don't steal. Newspapers are the only accusers that dare say they do. Individually not one of the gentlemen who edit those papers would say so. The democratic and republican platforms both agreed that one term in a four year county office was long enough. With that idea prominent the present demo-

cratic county ticket was nominated and as Mr. P. S. O'Rourke said to me a few days ago, "it is as good a ticket as was ever nominated in Allen county," and Mr. O'Rourke is a close observer and always says exactly what he means. He also said that he had known Mr. Niezer from his boyhood, and that he was the soul of honor. The laws that regulate the county officials in the banner democratic county of Allen regulates them in republican counties. Allen county's prosperity and growth has been wonderful within the past few years, and the workmenmen who are building homes faster than ever all over our beautiful city, still have confidence in our public servants in spite of the attempts of newspaper gentlemen at each election to deceive them.

Respectfully,
CHARLES MCCULLOCH.
Catharrh
Is a very prevalent and exceedingly disagreeable disease, liable, if neglected, to develop into serious consumption. Being a constitutional disease, it requires a constitutional remedy like Hood's Sarsaparilla, which, acting through the blood, reaches every part of the system, effecting a radical and permanent cure of catharrh in even its most severe forms. Made only by C. I. Hood & Co., Lowell, Mass.

IS THIS THE REFORM THEY TALK ABOUT?

[Proceedings of the Republican County Convention taken Verbatim from the GAZETTE.]
Mr. Baltes was declared the nominee and made a short speech:
"MR. CHAIRMAN AND GENTLEMEN:—I have not been seeking this office, but as you have been so liberal as to give me a majority on the first ballot, I am very thankful, and shall work again as I did four years ago, when I paid \$1,200, and didn't get the office, even if it costs me another \$1,200 to get into this court house. All I ask is that these delegates do the fair thing, and at the fall election be at the polls and vote the whole ticket through from top to bottom, [a voice, "We'll do it!"] and there is no doubt but we'll carry Allen county. [Cheers.]"

Care for the Children

Children feel the debility of the changing seasons, even more than adults, and they become cross, peevish, and uncontrollable. The blood should be cleansed and the system invigorated by the use of Hood's Sarsaparilla.
"Last Spring my two children were vaccinated. Soon after, they broke all out with running sores, so dreadful I thought I should lose them. Hood's Sarsaparilla cured them completely, and they have been healthy ever since. I do feel that Hood's Sarsaparilla saved my children to me." Mrs. C. L. THOMPSON, West Warren, Mass.

Purify the Blood

Hood's Sarsaparilla is characterized by three peculiarities: 1st, the combination of remedial agents; 2d, the proportion; 3d, the process of securing the active medicinal qualities. The result is a medicine of unusual strength, effecting cures hitherto unknown, saving for home use additional evidence.
"Hood's Sarsaparilla tones up my system, purifies my blood, sharpens my appetite, and seems to make me over." J. P. THOMPSON, Register of Deeds, Lowell, Mass.
"Hood's Sarsaparilla beats all others, and is worth its weight in gold." L. BARRINGTON, 130 Bank Street, New York City.

BURNED ALIVE.

A Christian Lad Refuses to Commit an Abominable Crime, and the King of Uganda Orders a Massacre of Converted Natives.

London, Oct. 27.—Details have been received of the massacre of the native Christians of Uganda, Africa, by the order of King Mwanga. The massacre began in June, and was directly due to the refusal of a Christian lad selling as the king's page to commit an abominable crime. Many Christians were tortured, mutilated and speared, and thirty-two were burned alive together. The appeals of the missionaries for a cessation of the atrocities were unavailing. The fate of the unfortunate did not serve to frighten candidates for baptism, and within a week after the massacre many natives were baptized.

Leaflets containing extracts from the scriptures, prayers and hymns in the Uganda language are freely bought by the people, although their possession involves danger of punishment. The diary of Bishop Hannington, who was put to death by the king, will soon be published in London. It is a thrilling and pathetic narrative of his experiences in Uganda up to the day of his death.

YOU CAN'T ESCAPE

Dying in Want and Misery—Sad Fate of William Schooley.

JEFFERSONVILLE, Ind., Oct. 27.—William Schooley, a man who was once the subject of considerable newspaper notoriety, and who passed through one of the most terrible experiences that could be imagined, is dying at the home of a relative in Ohio Falls, a small suburb of this city. Nine years ago he was employed in the Adams express office at Nashville, and was one of the most trusted of the company's employees. One day a package containing \$10,000 was entrusted to his care. The temptation proved too great and he secreted the money about his person and fled. He was captured before he reached the sheltering protection of the British dominions, and brought back to Nashville. Then commenced for him a series of the most horrible tortures that could be imagined. Every effort was made to make him divulge the place where he had hidden the money. He stoutly protested his innocence, and when the detectives hung him up by the thumbs and beat him into insensibility, he never wincing, and his lips seemed hermetically sealed. He was starved and tortured every way that could be conceived, but nothing could be obtained from him.

One night his friends on the outside assisted him to escape, and he reached Canada before the strong arm of the law could stop his flight. With the money he had stolen he purchased a farm, and with his wife and two pretty little children, spent two years in the land of the Canuck. At length detection took his children from him, and later on his wife was called to the great hereafter.

Broken in heart and spirit the unfortunate man became a prey to the pangs of remorse. Finally he returned, gave himself up and served a term in the Tennessee penitentiary. When released his health was gone and consumption was gradually sapping his life away. Now he is dying and an ill-spent life is nearly ended.

Grand Old Man.

London, Oct. 27.—Mr. Gladstone, in response to a request to contribute to a book defining the liberal program, said: "My friends forget my years. I hold on to politics in the hope of possibly helping to settle the Irish question. But general operations of the party and particular subjects I am obliged and intend to leave to the hands of others."

A \$200,000 FIRE.

The Beautiful Case School Building, in Cleveland, Burned to the Ground.

CLEVELAND, Oct. 27.—The magnificent building, the Case School of Allied Science, at the east end, which was completed and opened about one year ago, at a cost of \$200,000, was destroyed by fire early this morning. The discovery of the fire, shortly after 3 o'clock, was followed by an explosion in the chemical laboratory, which soon made short work of the fine structure. The building was four stories in height and was built of sandstone and was furnished with all the latest appliances for the demonstration

of science. The total loss is estimated at \$200,000. It is thought the building and contents were insured for about \$85,000. The Case school was built with money left by the late Leonard Case, the Cleveland millionaire philanthropist.

Lewistown, Oct. 27.—A fire at the Occident this morning destroyed sixteen houses, including two hotels and several business houses. George Baber, of Lynchburg, perished in the flames. Several others are missing. The fire was the work of an incendiary. Heavy rains saved the town. Loss, \$50,000; insurance unknown.

ALL IN THE FAMILY.

How Alf and Bob Taylor, of Tennessee May Get There.

WASHINGTON, Oct. 27.—A gentleman just from Tennessee gives a new feature of the campaign in that state. Before Alf Taylor was nominated for governor he was given the nomination for state senator in his district, which is largely republican. He is still a candidate for senator, on one having been nominated in his stead. As there is no law preventing his being voted for as a candidate for one or more offices he will doubtless be elected to the senate. In the contest for the United States senatorship there are a number of candidates, and in view of a possible dead-lock Bob will be presented as a dark horse. Alf hopes to become president of the senate, and when his brother is elected senator he will by law fill the vacant governor's chair.

That \$50,000 Express Robbery.

St. Louis, Oct. 27.—Fotheringham was seen at the company's office this morning by a reporter, and he told the story of the express robbery related by telegraph yesterday. He made his statement in a frank, straightforward manner, without the slightest hint of embarrassment or confusion. He said that he was well aware that the circumstantial evidence pointed strongly to his being an accessory to the robbery, but he had nothing to conceal and was confident the result of the investigation would clear him of all suspicion.

It is thought the company will offer a large reward for the capture of the robber, who told Fotheringham he had an accomplice on the train who would assist if he did not succeed.

RAILROAD SHARKS.

They Are in Court Fighting Over Spoils in Indiana.

New York, Oct. 27.—The counsel on behalf of the stock holders of the Indianapolis, Cincinnati and Lafayette railroad has begun proceedings in the supreme court against the directors of the road. Messrs. Bliss, Booth, London, Perkins, Fowler, Morris, Broadwell, Kennedy, Reynolds and Theodore Cook, charging them with conspiracy to fraudulently depress assets of the road and forcing a foreclosure sale to obtain control at a cost by buying in the stock. Governor Hendley, as counsel, is alleged to be one of the conspirators.

The Episcopal Convention.

Omaha, Oct. 27.—The general convention of the Protestant Episcopal church resumed its sessions this morning. A message was received from the house of bishops declaring that in its judgment the use of the unfornamental juice of grapes in the sacrament was not warranted by the example of our Lord and was an unauthorized departure from the profession of the Catholic church and that mixing water with wine was not objectionable provided it be not ritualistic until authorized by a change of rubrics. The message did not require any action by the deputies.

A resolution was adopted providing for a joint committee of three bishops, three clergies and three laymen to whom should be recommended the whole subject of marriage and divorce, to report thereon to the next general convention. The house resumed its consideration of the proposed amendments to the book of common prayer.

Insurgents Shot Dead.

Puerto Cabello, Honduras, Oct. 27.—General Delgado and his unfortunate comrades, who were the leaders in a recent filibustering expedition that descended on the coast of Honduras in the interest of ex-President Sola, were shot dead for their acts.

Locomotive Engineers.

New York, Oct. 27.—The 13 officers of the National Brotherhood of Locomotive Engineers were today re-elected.

QUEER SONGS.

The Salvation Army Methods and Their Reception in a General Way.

The Salvationist's form of religion, now prevailing in Fort Wayne, is peculiar, not to say sensational. In one city in the east where a large number of the religious workers are at work, their band plays popular airs of the day, in which their leaders have adapted words, intended, no doubt, to be pious, but often appearing nothing sort of blasphemous to an outsider. When not blasphemous they are comic. As an example, it may be mentioned that the hymn when the song "Over the Garden Wall" was so popular the Salvationists used to sing the same tune a hymn of which the refrain ran:

"If you can't get in at the garden gate, Climb over the garden wall." The Salvationists have had a rough road to travel. Assaults upon their columns in the streets have been quite frequent, particularly in the early days of their organization. Their invasion of Ireland was disastrous. The Dublin people would not have none of them, and repulsed them with heavy loss; and they have not been able to establish as much as a corporal's guard on the Green Isle. It is not likely that they will be much more successful in America.

Gas Well News.

The natural gas well at Indianapolis is to be sunk 2,500 feet. It has already been drilled to a depth of 1,260 feet. By the way what has become of the Lafayette well?

The citizen's gas well at Connersville has been finally abandoned at a depth of 1,235 feet. The stockholders talk strongly of starting another in a different part of the city.

The Frankfort natural gas and oil company, has been incorporated with a capital stock of \$100,000, and S. O. Baylis, Robert M. Sims, D. F. Allen, W. D. Kramer, T. J. Smith and W. R. Hines as directors.

Mixed tickets are being circulated about the city and district. One is labeled: "Democratic Ticket" and embraces every democratic save that Captain J. B. White's name is substituted for that of Judge Robert Lowry. Wm. T. Abbott has similar tickets out with his name in place of that of Mr. Barney Neizer, the democratic nominee for county auditor. Democrats of course will guard against these ballots and see that none are voted by mistake.

At Van Wert, last evening, occurred the marriage of Miss Stella, daughter of J. B. Brumback, president of the First National bank of that city, and Mr. John Reid, bookkeeper for the Van Wert oil well supply company. After the ceremony was over the invited guests and down to a wedding supper prepared by that prince of caterers, Mr. J. J. Reineke, of this city, served by himself and assistants. Mr. Reineke prides himself on his ability as a caterer and justly feels proud of his work, which, if judging this instance as a sample of what he can do, bids fair to rival Chicago in his line.

AH, THERE! NOBLE.

A Republican Candidate on the State Ticket in Disreputable Business in Fort Wayne.

Special to the Indianapolis Sentinel.

MICHAEL CRIT, Oct. 26.—William T. Noble, the republican candidate for clerk of the supreme court, spent several days here last week looking after his canvass. While here he was in close consultation with certain parties of unscrupulous reputation, and close on the heels of his departure the limits of his visit became apparent. A communication appeared in the *Wellington*, a German paper of Fort Wayne, signed by a fellow who several years ago jumped the state to avoid arrest for shooting and stealing sheep from a farmer named Gould. The case was compromised and he returned. The article said contained a lot of gross and malicious slanders on Martin T. Krueger, the democratic opponent of Noble, and created great indignation here. The next move was to get up a circular addressed to Knights of Labor charging Krueger with having tried to get a Knight named Kay discharged from employment, and with other hostile conduct. By some unknown means the seal of a local assembly was obtained, which was attached to the bogus circulars, and they were put in the hands of two republicans, who are now spreading them among the Knights of the state. When the scheme became known here to-day, Mr. Kay, who is master workman of the assembly, and who is the person named in the circular, mailed the lie by publishing the following card:

"To whom it may concern: A circular is being spread among the Knights of Labor throughout Indiana charging me, Martin T. Krueger, democratic candidate for clerk of the supreme court, with hostile acts or default expressions toward the order and its members, and particularly with injuring Mr. The circular is a malicious slander on a worthy and hard working man, and the statements contained therein are wholly untrue. The seal of the local assembly was either purloined and attached or forged thereto without any legal authorization whatever. It is an attempt to use the order for a political purpose."

A Pretty Fort Wayne Girl Married at Lexington, Ky., to a Prominent Young Man.

Mr. and Mrs. Harry C. Roberts will visit in this city over Sunday on route to New York City on their wedding tour. The bride, Miss Fannie Dillon, is a Fort Wayne girl and sister of Mrs. E. Woods and Miss Marie Dillon, of West Berry street. The Lexington, Ky., *Drummer* has this account of the wedding: "Mr. Harry C. Roberts, of New York, and Miss Fannie Dillon, late of Fort Wayne, Ind., were married at the residence of the bride's uncle, Mr. John N. Wilson, this city, Tuesday, Oct. 19, at 8 o'clock, p. m. Rev. Dr. Ward, rector of Christ church, officiated. The marriage was private, only the immediate family of the bride and Judge S. G. Sharp being present. The *Drummer* has known Mr. Roberts for years, and so can speak knowledgeably of his moral worth and good qualities. He is a successful business man, and has had all the advantages of a finished education and much travel, having graduated in the best colleges in this country and in those of England and Germany, and having traveled around the world several times. He is a son of Col. Wm. Roberts, of California, who, in his younger days, was known as one of the most successful detectives in this or any other country. He now owns the well known line of steamers plying between San Francisco and Australia. Harry has friends in every city of the union, and is a member of the Knights of Pythias, of Cincinnati, and a leading member of the Elks, of St. Louis."

PERRY A. RANDALL.

On the 4th day of last September one Perry A. Randall was a candidate before the democratic county convention, of this county, for judge of the superior court.

Mr. Randall pledged himself to support the nominees of the convention in the following words:

P. A. Randall: "Mr. Chairman and gentlemen of the convention, I tender myself to support the nominees of this convention. Under your rule, I believe that is all the speech I can make."

If Randall is an HONORABLE MAN, he will stand by his pledge. (Oct 28)

THE CAT IS OUT.

The Republicans Will Sacrifice Everything to Elect Ben Harrison.

The Indianapolis *Journal* comes out doubly loaded and tells what republicans are fighting for. It is the legislature. It says: "The legislature is the real key to the position in this election. Not only is there a United States senator to elect to succeed Sen. Harrison, and which may determine the political complexion of the higher body of congress, but the best of all things the people hope for, and should vote for, depends upon carrying the legislature. If a republican United States senator is to be elected there must be a republican legislature." This will hunt which the republicans have been making it to ensure the election of men to the legislature who will vote for Ben Harrison's election.

It says further: "Let republicans everywhere work for the legislature. See to it that the legislative candidates receive the fullest and most earnest support." Everything is to be sacrificed to secure the legislature. In Allen county everything is to be sacrificed to secure a member of the legislature. If ever there was a time when it was the duty of the democrats to stand solitly together in their endeavor to defeat republicanism it is right now. The republicans give up everything and will sacrifice every local or state candidate to secure votes for the legislative candidates. Let the democrats of Allen county stand by their principles and elect men to the legislature who will not vote for Ben Harrison for United States senator.

The following is Sam Jones' estimate of newspapers, and it is safe in saying that he is not far off the road. The erratic divine says: "If I want to get a good square judgment on something I have done, I would rather go to a newspaper office for it than to any court of justice. I know the justice of journals, their integrity and the purity of their motives. I know that they probe into men's characters. No man whose character is pure need fear the press in America. The way to be safe from the so-called newspaper attacks is to be a Christian. The reporters are the best detective force in this country.
